Scavenger Hunt

There are so many interesting things you can find in nature. When walking or hiking, make sure you stay quiet, animals run from loud noises.

See if you can find all of these wonderful things on your next park adventure. Make sure you look high and low. Invite a friend to do the scavenger hunt with you and see who can finish the list first!

- Bird's nest
- Animal tracks
- Pine cone
- Colorful flower
- Moss
- Bird feather
- Spider web
- Insects
- A tree bigger than you
- Odd shaped leaf
- Rocks
- Ants moving in a line
- Something that lives under the leaves or a log

- A bird flying
- An insect that can only crawl
- Something that does not belong in nature (put it in the trash)
- A mammal with horns, antlers, or tusks
- Other animals or creatures

Did you know?
Some animals migrate or move to a different part of the world when it gets too cold or they can't find any food.

What else did you find?
